GB in delivery suite

GB Building Solutions is to completely refurbish the Central Delivery Suite at Chesterfield Royal Hospital NHS Foundation Trust. The £1.3million contract was awarded by the hospital itself.

The work will feature a new delivery suite with full en-suite delivery rooms for all expectant mothers - designed to create a less clinical and more “home-like” atmosphere. It will also include three new birthing pools increasing the availability of pools to four.

The new facilities will include modern furnishings and fittings to create a relaxed feel. It will also include soundproofing - to minimise noise from other birthing rooms for improved privacy and dignity.

The maternity suite usually operates with ten delivery rooms so the work is to be carried out in two phases to minimise disruption for patients.

Martin Smout, Chairman and Chief Executive says, “The Chesterfield Royal Hospital project presents a natural fit with our experience in delivering health facilities. Our continued success in delivering projects on time and to budget will clearly assist the Royal in ensuring their ‘excellent’ rating for the provision of NHS Maternity Services is maintained.

“The delivery suite refurbishment will upgrade it to a state of the art facility that will provide a new level of care for new mothers across North Derbyshire.”

The work is expected to take ten months and is expected to be completed by the end of the year.

Notes for Editors

GB Building Solutions is a solutions-focused construction company which believes in adding value and delivering on the promises it makes to its customers.

GB Building Solutions has six offices based throughout England and undertakes a range of new build and refurbishment projects in both the public and private sectors. It specialises in five sectors:

- ❖ Accommodation
- ❖ Commercial
- ❖ Education
- ❖ Hotels and leisure
- ❖ Non–acute health

GB Building Solutions was previously known as Gleeson Building. The name change to GB Building Solutions was the final step in the transition that started with the management buyout of MJ Gleeson's building division in July 2005.
