

Walking the Wall for Hexham Primary School

On Saturday June 6th 2009 a team of hardy walkers from GB walked a 10 mile section of Hadrian's Wall National Footpath to raise money for the Hexham Priory Special Needs School. The amount raised so far is over **£1,000**.

The walk was organised by Assistant Project Manager at Hexham SEN School, Richard Abrams and his team consisted of; Design Coordinator; Paul Mares, Senior Site Manager Andy Todhunter, Senior Engineer Kevin Kerr, Framework Director Bill Law and Assistant Project Manager Simon Law. Also thanks to Keith Davidson for providing a taxi service and Michael Thompson (Head Teacher) for the loan of the mini bus.

All proceeds have gone directly to the Hexham Priory SEN School and will help provide additional treats for the children when we hand over the completed building.

Well done to everyone who either took part or sponsored the walkers.
